## Impact of EDU4SENT

### 1. For the educators working with young adults with migrant backgrounds:

Contribution to the internationalization of public and private organisations active with adults with migrant backgrounds through the transnational cooperation and course delivery mechanisms.

Development of new cutting-edge curriculum and course delivery mechanism

**2. For the stakeholders:** Improved awareness of strategies and specific application/mapping to shape the social entrepreneurship process for young adults with migrant backgrounds.

**3. At local, regional, national and European level:** Contribution to the transformation of young adults with migrant backgrounds to become European social entrepreneurs.

## CONTEXT

Social enterprises is of great importance to create new job opportunities for migrants, enhancing their empowerment and enabling them to work in a fair and equal environment, including as entrepreneurs. However, the education systems do not include sufficient entrepreneurial education and most people lack the skills necessary for entering the modern business landscape.

**EDU4SENT** aims to enhance the social entrepreneurship knowledge and competencies of educators working for organisations with low - skilled young adult refugees and asylum seekers in order to support them in promoting social entrepreneurship in the long-run by creating a curriculum and an open access online course(OOC) with 5 partners from Turkey, Greece, Poland and Italy by increasing their capacity in Social Entrepreneurship Education.
